

Dear friends in Christ,

*Eloisa Cusi with Janelle in Quechua clothes*

Greetings from the Shaws in Peru, South America.

We have so much to be thankful for as we look back on these past 3 years working here, and as we have seen the Lord ministering through us in amazing ways.

*Cassandra under the "kiwicha"*

Now there are many new Quechua brothers and sisters who are trusting in Jesus Christ as their Lord and Savior. It is such a privilege to be used of God in this way. Because we are just starting to see the fruit of our labors it is hard to think about making even a temporary change in our work, but it seems the life of the missionary always sees change.

Now, we are preparing to serve in the States, while we come back for a 7 month home assignment. We will be resting some, and visiting family, but most of our time and energy will be in visiting with partnering churches and friends who have sent us out through their prayers, encouragement, and financial support.

We want to let you know that we will be arriving in Denver around December 8th, and plan to get situated in our home base in western Nebraska as soon as possible. From there

we will be able to coordinate and visit with as many as possible during the winter and spring. We are due to return back to the field here in Peru by mid July.

Looking forward to sharing with you all! Please note our temporary change of address & **new** e-mail address below. Thank you so much for all of your prayers, support and encouragement during our first term on the field. We couldn't have done it without you! We pray you have a blessed Christmas & holiday season!  
Because of His love and grace,

Brad and Gina Shaw (Janelle 14 & Cassandra 11)
